

PRESIDENT'S STEP TO PEACE

Thus Says W. J. Bryan in Speaking of Wilson's New Peace Plan

DELEGATES WILL GO TO BOSTON TODAY

Premier Sifton of Alberta Was Among Those in Attendance at Dinner

By Bulletin Leased Wire.
New York, May 9.—William J. Bryan, secretary of state, speaking at a dinner given tonight in honor of the former members of the International Peace Conference that is arranging the celebration of the centennial of peace among English speaking people, declared "the new peace plan offered by President Wilson to all nations is the latest and longest step toward peace."

"It contemplates time for investigation," he said, "and this makes the possibility of war remote."
Mr. Bryan's subject was profound peace. He then turned to the subject of the United States in the cause most of necessity to large, because "more than any other nation it had a population which is attached by blood to nearly all other nations."

Peace for All Time.
"Peace for all time between the United States and Great Britain" was the keynote of other addresses of the evening, delivered by Lord Westbury, chairman of the English delegation; Sir Edmund Walker, of Canada; Sir George Reid, of Australia; and Judge George D. Bay, of New York.

Tonight's function marked the first of many that have engaged the delegates here during the past week, for tomorrow they start for Boston. More than 500 men and women, most of them of country-wide distinction, were in attendance, and unstinted applause greeted all remarks that emphasized the cordial relations between the two nations and the cause of universal peace in general.

President Wilson's Proposals.

Referring to President Wilson's peace proposals, Mr. Bryan said: "Two weeks ago yesterday at his direction, I summoned the representatives of thirty-six nations represented at Washington, that I might for him simultaneously present through them to their government a proposition which the president expresses not only the willingness and desire to enter into an agreement with every other nation, great or small, that we can on our nation's honor maintain is concerned, there shall be no war, no declaration of war, no outbreak of hostilities until the question in dispute has been investigated by an international tribunal and a decision made known."

"Now, I believe, my friends, that this proposition is as long a step in the direction of peace as has ever been proposed. It is a step that takes the place of arbitration treaties. Submit to arbitration, and you must go out there to submit, but when you are through you will find—there are no such things as you find—that there are certain questions that are excepted. And they are so important that they themselves become a subject of war."

Among those present were Hon. A. L. Sifton, premier of Alberta.

TORMY SCENES IN THE LAST MOMENTS

But After it is all Over Bad Temper Disappears and Opponents Mingle

By Bulletin Leased Wire.
Ottawa, May 10.—Sharp at two o'clock this morning, amidst opposition cries of "now for the gag," "bring on your gag," the vote in committee on various clauses of the naval bill commenced. The debate was closed by E. M. McDonald, of Regina, and during the last five minutes of the speech there was some disturbance. At 1:55 a chairman of the committee called the roll and spoken twenty minutes. Mr. McDonald denied this. He said that he had been at 1:40 and had counted to speak until 2 o'clock. Another cry of "bring on your gag" followed. The Conservatives and "take your medicine" from the Liberals. Mr. McDonald spoke with great vigor until the hands of the clock pointed to two o'clock. When he sat down he was cheered by the Liberals, who commenced to call for the vote. The vote was taken and the bill was passed by a majority of 33 to 32.

—Work On All Saints and Holy Trinity Churches

Millions of dollars will be added to the city's stock of buildings this year, according to the building trade, which has been active for some time past, and great deal of construction work is going on. Business houses, warehouses, churches, schools, hospitals, additions, hotels, theatres, apartment houses, rooming houses, and other public buildings are being erected in various parts of the city. Concrete foundations for a large proportion of the buildings to be built this summer are already in place, and the masonry and carpentry are well advanced.

There is also great activity in the erection of dwellings and the building of the first week of May for the north side of the city. The new wing of the General Hospital is completed, the administration group will be considerably enlarged, and the accommodation all round will be greatly improved. Plans for the new wing have been drawn by E. C. Hopkins, architect, and the work is now well under way. The foundation is a large kitchen, furnished with all the latest utensils, and having a marble floor. The kitchen will be equipped with a complete set of modern appliances, and will be built on a raised platform, with a large porch on the north side of the building, and it is three stories high. Another story is being added to the boiler house, which is also extended, and on top of this will be a roof garden for the use of the patients and nurses in summer time. From this elevation patients sitting out on the roof will be able to see fine views of the surrounding country and take in the fresh air from the breezes coming off the Saskatchewan valley.

PHILOSOPHY OF EDWARD HUBBARD

These Were Characteristics of Entertaining Lecture Given by Albert Hubbard

BLOU THEATRE WAS PACKED TO DOORS

At Close of Lecture Great Ovation Was Tended Stage of East Aurora

Last night, in the new Blou theatre, the philosopher of East Aurora, Edward Hubbard, directed his angel of labor, laughter and love for the benefit of an audience that packed the building to the doors. Pro Emerson is noted for his quiet philosophy, his restraint, his keen satire, and his highly developed descriptive powers. He fully attained his reputation last night, and his interesting speakers of the day, with a personal magnetism and a keen insight into the human mind and things, compellingly maintained the attention of the audience in an hour and a half's lecture, and kept it to the very end.

There was an aphorism in every line, a sentence every sentence. Hubbard, humorous, satirical, earnest, frank, and full of life, was one another in captivating succession, his brains working with unceasing rapidity, his words falling like hail, and his audience listening with bated breath as he told in his own words the story of his life and his philosophy.

North Edmonton

GOOD THINGS COME TO NORTH EDMONTON

N.E. Corner Gets Benefits From Union With Greater City—High Lights, Good Phones and Bright Pavement.

Since North Edmonton has become part of the Greater City of Edmonton several improvements have been made. Electric lights have been installed on Norton street to the Port trail corner. A light has been placed under the steel bridge on the Port trail.

The merchants and citizens also appreciate the installation of the automatic telephone.

A gang of city workmen have been busy for over a month improving the grading and drainage of Norton street.

PAVING OLD PORT TRAIL.

Most of all there will be the paving program for 1913 which will connect North Edmonton with the city's network of paved streets. Sections of teams are already busy hauling and piling gravel along the Port trail, from the Transit Hotel at the Brandon avenue corner to the city city via Edmonton avenue, Saunders street, Pine avenue, Norton street and various other paved streets to Jasper avenue and over the high level and low level bridge on the Port trail.

The paving will be one of the best developing features in the history of the north-east corner of the city. The benefits resulting from the paving of this busy thoroughfare are many. It will reduce the cost of haulage to and from the industrial establishments located at North Edmonton. It will also reduce the cost of not only by the teamsters and citizens but also by the dumb animals who have had to go through the mud. It may lead to the use of huge motor freight.

The laying of this pavement will have a great influence in cementing the connection of this corner with the other portions of the city of Greater Edmonton.

OCCUPY OLD NEW SCHOOL.

On Monday the public school will move into the new building at the corner of the city. The children are all anticipating the "Grand March" from the old school to the new \$25,000 four-roomed brick school in New Nelson.

The children have asked their parents to rise early on Monday morning so that they may see the parade.

There were only three teachers in the old school, but their classes were very much overcrowded. The new staff and more room will soon have to be found.

LOSE GOOD OF LIBRARY.

The long time loan of the public library to Jasper avenue premises may result in the loss of the money from having much time to get much benefit from that useful educational institution.

The civic association of North Edmonton and the public library could do well to get together to work out the details of some plan for the benefit of the readers of North Edmonton.

PREPARE TO AVOID FLOOD.

In the early spring the city is likely to be hit by a flood. The city now has a flood of men at work digging an outlet for the Norton street to drain the flood away if it comes again.

George Best is building another new house on Spadina street, the one built by him this spring.

HANDLES UP SWIFT ON MONDAY.

On Monday evening, May 12th, a friendly football match will be played at the grounds of the Swift Canadian Club between teams of the Edmonton Radial Railway and the Swift Canadian Club. This will be an interesting and exciting game. The Swift boys are planning to pack "home-made goals" in the goal defended by the Radials.

SCALERS' OPEN AIR GYM.

Scalers' open air gymnasium will open on Monday on the platform erected on the ground between the Transit Hotel and the Scaler Hotel. "Kid reaper" will be the headline boxing bout with Fred Welsh, the English champion on May 21 in the Thistle Hotel.

More Famous Pictures shown.

Exhibit, May 9—A painting representing the Incarnation, which is attributed to Paul Angelico, and another one representing St. John, at the Byzantine School, and two unidentified pictures at the Thistle Hotel. This will be an interesting and exciting game. The Swift boys are planning to pack "home-made goals" in the goal defended by the Radials.

JURY CENSURES COMPANY.

Harvie, who was fatally injured while working on the construction of the \$700,000 low level bridge on May 5th and who died the following day, was held in the court house, South Edmonton, Friday afternoon. The jury found the company guilty of negligence.

That in the opinion of this jury, Edwin William Harvie came to his death on the 5th day of May, 1913, on the works of the low level bridge on Fifth street, Edmonton, accidently, by the failure of the company to erect a proper guard rail.

CLOSE GUARD FOR CHURCHILL AND ASQUITH

Preparations Taken Against Possible Outrages by Militant Suffragettes

TWO CABINET MINISTERS GO TO MEDITERRANEAN

"General" Mrs. Drummond Is Seriously Ill, Due to Her Hunger Strike

London, May 9.—The apprehension of the authorities over the threats of the militant suffragettes to eclipse their destructive acts of the past week was manifested by the precautions which were taken this morning when Premier Asquith and first lord of the Admiralty Winston Churchill, accompanied by their wives, left Waterloo station on the London and South Western railway to proceed to the coast to join the admiralty yacht Enchantress, on which they are to make a long cruise in the Mediterranean.

Surrounded by Detectives. A large number of naval aides-de-camp, government departmental secretaries and railway officials surrounded the party formed by the cabinet ministers and their wives. Beyond these there was an outer circle of detectives to protect ministers from any undue attention by militant suffragettes or their male supporters. So great was the protecting force in the railway station that any demonstration by the suffragettes would have been impossible.

Mr. Asquith and Mr. Churchill intend to inspect the fleet at Portsmouth and naval stations in the Mediterranean.

General Drummond Very Ill. "General" Mrs. Flora Drummond, the militant suffragette leader, collapsed twice in Bow Street police court during yesterday's proceedings. Her principal offences were for being man's Social and Political Union for conspiracy, in very ill today, from the effect of the privation of food in her "hunger strike" while under remand. Her physician has said her to undergo an operation.

Arson Squat Out Again.

A militant suffragette "arson squat" was out this morning and succeeded in destroying by fire a large unoccupied mansion near Harrow-in-Panama, Lancashire. A quantity of literature was scattered on the lawn surrounding the house.

The Paper Is Issued.

London, May 9.—The Women's Social and Political Union have decided the authorities and "The Suffragette" despite the police prohibition was appeared in the evening and was offered for sale in the streets. It is published by the National Labor Press of Manchester. The front page is a message from Mrs. Pankhurst. To the dear members of the Women's Social and Political Union. It bids them be "calm, strong and faithful" to one another and the union and all will be well.

Christabel Pankhurst, in an article, exhorts Joan of Arc as the ideal woman's ideal.

The police have issued warnings to all the London churches and public places to take heed of the danger.

The collapse of "General" Mrs. Drummond put an end to the proceedings at Bow street for the day and led to the granting of bail to the seven women prisoners. Since the previous hearing, Annie Kennedy, Miss Kerr, Miss Saunders and Mrs. Drummond have been on a hunger strike and all bore traces of their fast. Miss Kennedy frequently resorted to the use of castor oil.

Aviator Makes Fast Time.

Bremen, Germany, May 9.—The French aviator, Marcel G. Brindejonc Des Moulins, who flew recently from Paris to London in the remarkable short time of three hours and five minutes, started from here at 8.20 this morning for Brussels. He reports from Wanne, Westphalia, by telegraph, that he landed there and replenish his fuel and resumed his journey at 11.28.

GREEK BRIGAND KILLED BY SOLDIERS

Captain Lofos, Abductor of German Legation, Prof. Richter Is Shot After Long Career of Crime.

Larissa, Greece, May 9.—Captain Lofos, for years one of the most notorious cut-throat brigands in this locality, who in 1911, organized a company of brigands and started on a career of crime around Macedonia, then escaped from the jail at Kanan, where he had been imprisoned and formed a new band, was killed by Greek soldiers near Tapa.

Lofos operated for a long time with a Turkish brigand named Khat. The greatest of their crimes was the capture of Prof. Richter, the German legation. They held him for three months and each got \$10,000. Strati went to Alexandria with the proceeds, abandoned the life of a highwayman and settled down. Lofos was waylaid by his own band who took his money and deserted him. The merchants of Larissa, alarmed at the Turkish government about the work of the brigands and Lofos was arrested and thrown into jail.

URGE FRANCE TO ALLIANCE WITH SPAIN

French Newspapers Favor Closer Relations With Southern Neighbor

KING ALFONSO'S VISIT WAS THE FIRST STEP

Alliance Would Benefit Both Countries—Added Protection for France

Paris, May 9.—The political results of the visit to Paris of King Alfonso of Spain, has not been disclosed, but the opinion is general in well informed circles that a close understanding between the French and Spanish governments has been attained that it may develop into an alliance. Virtually, all the newspapers of France, except the imperialist papers, express themselves in favor of such an alliance.

An alliance, the newspapers say, would add 200,000 excellent soldiers to assist in the defense of France and would make Spain a secure field for the investment of French capital and thus develop the immense latent resources of the country. Spain would be raised also, it is pointed out, to an important place in the diplomacy of Europe.

King Alfonso's visit came to an end late today, with a review of France's aerial fleet.

Count Alvaro De Romanos, the Spanish premier, speaking to a representative of the La Liberté today, said: "Today Spain and France have reached a friendly agreement. Tomorrow the two countries may take further step. The understanding we have attained is the result of mutual efforts."

ELBERT HUBBARD IS GUEST OF THE AD. CLUB

Sage of East Aurora Entertains 230 Business Men By His Wisdom and Wit—Prof. Broadus Introduces the Visitor.

Ad Club were honored yesterday on having as their guest at their noon day luncheon at the Corona hotel, Elbert Hubbard, the sage of East Aurora. About two hundred and fifty business men gathered to listen to the wisdom and wit of the philosopher.

The Philanthropist was introduced by Prof. Broadus, of Alberta University. Mr. Hubbard said he would like to say nice things about Edmonton for three reasons. The first was that he said, he would feel badly if he did not, and because they would be true. He, however, took as his theme, "The Great Executive" Julius Caesar as brought up to date.

From this he was able to illustrate the results of grasping the opportunity, an epitome in the lives of great railway magnates—James J. Hill, Sir Thomas Shaughnessy, Sir Wm. Van Horne, Chas. Hays, men who had worked for the road and now worked the road.

A few Hubbard truisms:

A great Executive is a man who decides quickly and in some line right.

The world is principally owned by the Scotch, but is ruled by the Irish, with a little assistance from the Jews.

The Irish rule every country but their own.

We have in America two great railways reaching from ocean to ocean. The C.P.R. from Halifax to Vancouver, and the P.N.W. from Seattle to Los Angeles, a distance of 3,000 miles, equipped with an engine and two passenger coaches.

Canada makes a knight of her great men, the United States indicts them.

Blessed is the man who has found his work, but more blessed the man whose work has found him.

Power is not measured by ability to destroy but by ability to create. Truth is an asset, a life is a liability.

During the luncheon an orchestra furnished excellent music, while all were delighted with the solos of Dr. Holmes.

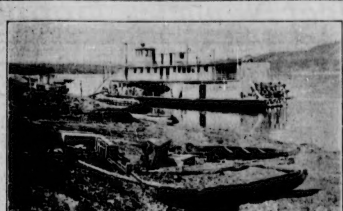

RECORD ATTENDANCE AT MONTREAL SHOW

Some Surprises Are Furnished by Defeat of Earl Grey and Sir Wilfrid in Tandem Classes — Westerner Gives Hiding Exhibition.

Montreal, May 9.—The marked increase in the attendance at the afternoon and evening performance of the Montreal horse show today, previous to the record this season, was due to the fact that the four best horses were judged, most of them being for locally owned horses.

Sir Francis Campbell, lieutenant-governor of Quebec, attended in the afternoon and evening. He was particularly well met and broke the monotony of the judging line. A. G. C. Criswell, of Winnipeg, gave a clever exhibition of riding on Rainbow. This is the first time the westerner has ever competed in Montreal.

Toronto, May 9.—It is now certain that the election to fill the vacancy caused by the resignation of Hon. A. G. Mackay in North Grey, will not take place until after the shuffle in the Ontario cabinet, which the transfer of Hon. J. J. Fay to the senate will necessitate. This will open up North Toronto, and in the event of Hon. E. B. Lucas following Mr. Fay, it will necessitate the opening of Centre Grey. While there are rumors that Hon. W. J. Hanna will retire and open up West Lanark, the rumor is characterized as groundless in government circles.

Fort William, Ont., May 9.—Agitated by their leaders, 800 foreign laborers, who are out on strike, at the Canada Car and Foundry Company's works, participated in a pitched battle with 150 strikebreakers at the plant this morning. Wielding clubs and throwing stones, the strikers attacked the men on the work, who ran for safety. Work is suspended for the day and strikers are guarding the property. Several of the strike-breakers were injured, but not seriously. The men are demanding an increase in wages.

MUSIC--Getting Ready for the Festival--Great Artists Coming to Edmonton

GETTING INTO SHAPE FOR THE FESTIVAL

With but three weeks left before the Musical Festival for 1913 is in full swing, all arrangements for the festival competition are being completed rapidly, and the entry list promises to eclipse that of previous years. There will be at least two choirs entering from points outside the city, one from the Central Methodist church, Calgary, led by Wilfred Owen and the other, Francis Stevenson's choir from Lac du Minster. The latter organization is not new to the festival competition, as two years ago it was only one point behind Jackson Hanley's winning choir from the Robertson Presbyterian church, which carried on the shield.

Arrangements have been completed for the use of the Thistle rink on the last two nights of the festival, when a massed chorus of some two hundred voices will sing King's Banner and Gloria, the remainder of the program being selected from winning competitors. The competitions during the day will be held in the First Presbyterian church, it is expected.

The Women's Musical Club of the city is planning to give a luncheon to those taking part in the festival. The committee in charge of the event is the desirous of having room placed at the disposal of some of the visiting contestants.

By the end of next week the complete list of entries should be ready for publication.

JOHN MCCORMACK ON EXTENDED TOUR

John McCormack, the Irish tenor, who sang in Edmonton recently, sailed last Tuesday for Ireland, and on the 14th, he will sing at the festival concert in the Rotunda, Dublin. That concert is being organized by DeSaxa (Mey Anderson) who is a warm personal friend of the tenor. Then he will go to London for his annual operatic engagement and afterward sail for South Africa, making a tour of Australia and New Zealand before his return home.

CARUSO MAY SING IN JAPAN NEXT YEAR

According to a report received from Tokyo, Enrico Caruso will visit Japan on the occasion of the coronation of the Japanese emperor in the fall of next year. Caruso is not to be a long one, because of his other engagements. Caruso will sing for one night for 10,000 yen, or about \$5,000.

MISS COSELLA CORBITT, the clever pianist, who, with W. Francis Firth, is giving a recital in the First Baptist church next Tuesday evening.

ARTISTS WHO HAVE WON RECOGNITION

W. Francis Firth, baritone, and Miss Cosella Corbitt, pianist, who are giving a joint recital in the First Baptist church next Tuesday evening at 8:20 o'clock, are well and favorably known in the large cities. Mr. Firth is a singer who has been claimed by the press of Italy and America as one of the most finished artists before the public, while the Chicago News says of Miss Corbitt: "The striking feature of Miss Corbitt's playing is the richness of the tone she is able to draw from the piano. Brilliance is not the exact word but depth and insistence of power, she has a wide range of tonal control, however, and is able to play raptures and sadness and appreciation with charity and speed, but it is the depth of her tone and sincerity with which she invests it which attracts attention and holds it irresistibly."

"Miss Corbitt has a splendid approach and a perfection of style which renders her work that of an artist in effect, and which will prove invaluable to her as concert artist."

Much interest is being shown in this music, and full houses are expected to greet the artists.

CHORAL UNION CONCERT IN WESTMINSTER CHURCH

The Edmonton Choral Union gave the second concert of the season in Westminster Presbyterian Church last night under the leadership of the organ fund of the church. There was a large and appreciative audience present.

The program was of a sacred and secular nature, in which the choir displayed splendid ability.

The solo, "Back to Me," sung by Mr. George Maxwell, showed this singer of good education. He is the possessor of a voice of fair range and beautiful tone.

Miss Cosella Corbitt's rendering of "Auld Song" displayed perfect technique and to which Miss Patterson, organist, added.

The quality of Mr. J. King, director of the union, were shown by the choir singing of the "McGregor" and "The Song of the Sea."

DELIGHTFUL PROGRAM FOR JOINT RECITAL

A glance at the program selected by W. Francis Firth for his recital next Tuesday evening, May 13, in the First Baptist Church, shows the artist in as high class as ever has been attempted in this city. Most singers would rather avoid such a varied and extensive program, but those who have heard Mr. Firth on his previous recitals know that he is fully equal to the demand.

Miss Cosella Corbitt, the assisting artist, will be heard in piano recitals for the first time here. Those who are interested in piano work will appreciate the fact that her selections are of the highest order.

The program for Tuesday evening's recital is as follows:

1. "A New Heaven and a New Earth" from the Holy City.....Glad Mr. Firth.
2. "Imprimus".....Chorale Miss Corbitt.
3. (a) "The Wanderer".....Schubert (b) "Frequenza".....Homer (c) "Mother's Lullaby".....Hall (d) "Celesta Aids".....Verdi Mr. Firth.
4. "Pavane".....Liszt Miss Corbitt.
5. (a) "It is Enough" from "The Song of the Sea".....Mendelssohn (b) "My Song".....Mendelssohn (c) "Calm as the Night".....Brahms (d) "Toreador" from Carmen.....Bizet Mr. Firth.
6. "Rhapsodic Homage No. 2".....Liszt Miss Corbitt.
7. "In the Evening".....Brahms Mr. Firth.

Mrs. L. W. Morgan, who needs no introduction to an Edmonton audience, will accompany Mr. Firth in his recital.

NOTED ARTISTS WILL VISIT EDMONTON

Already tentative arrangements are being made for the musical season next fall and winter in this city, and from present indications some of the world's greatest artists will be heard in Edmonton. Artists will sing here in September, Padewski will play here in October, and Clara Butt will sing in January. This is a pretentious program, and to Mr. George Suckling will go a great deal of the credit if these artists are secured for Edmonton appearances. Of course, in every instance, large guarantees are demanded, and it will depend largely on the response of the music lovers of the city as to whether the program outlined will be carried out.

When an artist of the calibre of Padewski plays in Edmonton it naturally costs money. It is understood that he must receive a guarantee of \$5,000 for one evening before he will consider coming. With no large and suitable auditorium here, the concerts must be held in a church building, with the result that seat prices must range from five dollars down. Whether or not Edmontonians are willing to pay that price to hear the best the world has to offer in music, remains to be seen.

When Melba comes here in September she will have with her Edward Burke, leading tenor in Covent Garden opera, London, and other artists. Miss Melba at present is singing in Covent Garden. The London grand opera season lasts until well on in July. During July and August Melba will take a holiday, and in September will begin her tour of the continent, so that Edmonton will be one of the very first places visited.

Padewski, who will come here in October, starts his tour in September. At present, he is in Europe. The populace of Warsaw excited the Polish pianist, during a recent concert engagement in that city, rich with king worship, for the reason that he is known in his native land for his patriotic music. He spends most of his spare earnings on less fortunate composers, and to him it is largely due that Polish schools and other institutions are enabled to excel. He is accredited with having done more to elevate the national spirit than any other living artist.

Padewski is so patriotic that he has never played before in Russian territory or the court, notwithstanding repeated encouragement to do so. His dream is to buy a Polish estate and settle down there in his native land.
